AGAPE BOXES
AGAPE is a mission started by the two North Carolina conferences in the early 1990s. It was felt the two NC conferences could make a difference and meet many of the needs of the people in Armenia, many of which are women, children and youth. The area where we are working has had increasing needs and yet cannot be served by the NFOs. AGAPE is working in areas of education and health care. . . bringing about change for these people. In addition, AGAPE provides Christmas boxes for the children and youth which cannot be done by any other organization. Many of our units are already doing AGAPE boxes because they want to do hands-on projects and this meets their interests by providing a Christmas gift box for children and youth. This is in addition to their pledges. Project AGAPE is a ministry to Armenia and to some of our most desperate Christian brothers and sisters.
