Imagine No Malaria is huge program of The United Methodist Church to prevent deaths caused by a disease called malaria, in Africa. Malaria is spread through a bite from an infected mosquito. A \$10 donation will buy a bed net which can be used to protect children from mosquitos while they are sleeping or it can buy two rounds of a medicine that helps cure malaria. The goal of the North Carolina Conference is to raise \$1 million for the Imagine No Malaria program.

*This puzzle is produced by the North Carolina Conference of The United Methodist Church.
