**The Immigrants' Reality and the Mission of the Church** event teaches a participatory methodology (see-judge-act) in a workshop frame that is used in the educational area of all the modules provided by the National Plan for Hispanic Ministries. The event provides basic information as well as a time to build relationships, networking, and time to reflect and strategize in order to take action in the areas of ministry that we are involved in. This event, while bilingual, is directed toward English speakers and Hispanic/Latino leaders doing ministry in the NCC and the WNCC.
