

**Imagine No Malaria**  
Coloring Sheet Ages 3-6

Imagine No Malaria is a program sponsored by The United Methodist Church that wants to prevent people in Africa from getting sick with a disease called malaria. Malaria is caused by the bite from an infected mosquito. A \$10 donation to Imagine No Malaria can buy a bed net to cover children while they sleep or medicine to treat them if they get sick. The North Carolina Conference has a goal to raise \$1 million for the Imagine No Malaria program.
