

## Dear Friend of Project AGAPE,

Grace and peace to you in the name of our Lord Jesus Christ.

Thank you for your faithful support of Project AGAPE. For more than thirty-two years, this ministry has been a light of Christ's hope and love for our Armenian sisters and brothers. Your generosity has helped sustain that light—bringing comfort, dignity, and opportunity to countless families.

In the aftermath of the 2020 and 2023 wars in Artsakh, more than 120,000 people were displaced from their homes and forced to begin again in Armenia. Our dedicated staff has worked tirelessly to walk alongside these families as they rebuild their lives—providing the essentials of daily living: clothing, bedding, kitchenware, and compassionate care that reminds them they are not forgotten.

We are also grateful to share hopeful news. The new AGAPE Center in Vayk - home to our Vocational Training Center (VTC) - is now fully operational. The VTC is already training individuals in cosmetology, computer skills, sewing, and other trades, giving families practical tools to build sustainable futures.

Even as this vital work continues, we face a serious challenge. Over the past year, donations have declined substantially, and meeting our monthly expenses has become increasingly difficult. Our annual budget of approximately \$190,000 supports local staff, operational costs, taxes, utilities, repairs, and shipments to Armenia.

To ensure that Project AGAPE can continue this life-changing ministry, we need your help today. We invite you to:

- Make a **one-time donation** of any amount to provide immediate support, and/or
- Join the **Fellowship of 1,000**, a community of individuals and groups each giving **\$200 per year** to sustain this mission.

If you are already part of the Fellowship of 1,000, we are deeply grateful for your ongoing commitment. If not, please prayerfully consider joining today. Your gift - **100% of which goes directly to the ministry**—will help families rebuild their lives and strengthen our shared witness of Christ's love in Armenia.

Thank you for standing with us in faith, compassion, and hope. Together, we can ensure that Project AGAPE continues to be a light in dark and uncertain times.

With gratitude and peace,

**Allan Van Meter**

Chair, Project AGAPE Board
