Identity Protection Services from Experian®

1. Why is Blue Cross and Blue Shield of North Carolina (“Blue Cross NC”) offering this identity protection service?

Blue Cross NC takes our customers’ privacy very seriously. We have multiple layers of data security in place and we actively monitor our systems on a regular basis. As an added precaution and benefit to Blue Cross NC customers, Blue Cross NC is making identity protection services available to eligible members and their dependents.

2. Who is eligible to use Experian identity protection services?

Subscribers (the person who holds the eligible medical health plan policy) and dependents on their policy are eligible for identity protection services. This includes those insured through an employer or those who purchase their own individual medical coverage.

3. We were previously enrolled with AllClear ID for these services, why did it change to Experian?

In March of 2019 Experian purchased the Reserved Response and data breach remediation business of AllClear ID. The services were offered through Experian beginning in January 2020.

4. If I or my spouse/child is only enrolled on my Blue Cross NC dental coverage, is he/she eligible for these identity protection and credit monitoring services?

Coverage is available only for subscribers and dependents on Blue Cross NC medical policies. Ancillary policies are not eligible for this offering.

5. I’m enrolled on my spouse’s Blue Cross NC medical coverage, which he receives through his employer. Can I get the Experian identity protection and/or credit monitoring services?

Blue Cross NC, as a carrier, has made the Experian services available to all eligible members. However, employers opt-in to offer the coverage to their employees. Your spouse should reach out directly to the Benefits department of their employer for more information.

6. I was enrolled in free credit monitoring in 2021 with Experian, do I need to re-enroll for the credit monitoring offered by Experian for 2022?

No, you will not have to re-enroll for 2022. You will be automatically re-enrolled.

7. Will I be charged a fee for any services I receive from Experian?

Services through Experian are provided at no cost to you and your covered dependents as long as you remain enrolled in a Blue Cross NC medical plan through your employer or individual coverage.
