

HealthFlex Plan Comparison: H2000 (2027) and H2500 (2026) with a Health Savings Account (HSA)

The HealthFlex H2500 plan will no longer be available in 2027. Individuals currently enrolled in the H2500 plan who do not make an election for 2027 will default to the H2000 plan. This handout is intended for individuals currently enrolled in the H2500 plan to help inform their decision during Annual Election for 2027.

This comparison highlights key differences and similarities between the HealthFlex H2000 (2027) with HSA plan and the H2500 (2026) with HSA plan. Please refer to the HealthFlex Plan Comparison document for more details.

For both plans:

- The same network of providers (physicians, hospitals and other health care providers) and the same prescription drug (Rx) formulary apply.
- All wellness and preventive services are covered at 100%, with no deductible required.
- The out-of-pocket maximum includes the deductible, co-payments and co-insurance from medical, behavioral health and pharmacy services.
- Inpatient services and outpatient services/procedures (other than preventative) require the deductible to be paid first; then the plan pays the associated co-insurance.

Medical Plan Benefit Comparison

 Plan Feature	IN-NETWORK Participating Provider Benefit	
	H2500 with HSA (2026)	H2000 with HSA (2027)
Annual Deductible^{1,2} (Participant pays) Deductible includes medical and behavioral health.	\$3,000 per person \$6,000 per family	\$2,000 per person \$4,000 per family

Specialist Office Visits	70% after deductible	80% after deductible

(Continued on next page)

¹ **Standard deductible:** Assumes participant and covered spouse met the Health Check incentive requirement.

² **Full family deductible:** When more than one person is covered, only the family deductible applies. No individual deductible is applied separately to any covered participant or dependent.

³ **In-network deductible:** Applies to out-of-network behavioral health office visits.

Please note: If you and your covered spouse did not take the Health Check, your deductible will be increased by \$250 for individual coverage or \$500 for family coverage.

Medical Plan Benefit Comparison (continued)

 Plan Feature	IN-NETWORK Participating Provider Benefit	
	H2500 with HSA (2026)	H2000 with HSA (2027)
