BISHOP'S OFFICE

Bishop Connie Mitchell Shelton
Resident Bishop

To: Staff/Pastor Parish Relations Committee

Subject: Guidelines for Clergy Compensation for 2025

APPOINTIVE CABINET

Rev. Gina R. Miller
Beacon District

Grace and Peace to you today!

Rev. Chris L. Brady
Capital District

Thank you for your leadership as chair of the Staff/Pastor Parish Relations Committee. The strength of your congregation through mission and ministry transforms the community!

Rev. M. Claire Clyburn
Corridor District

The Charge Conference season will be here soon. We are grateful for the prayerful consideration your committee will give to the compensation of your pastor for 2025. It is your responsibility as chair of the Staff/Pastor Parish Relations Committee to lead your committee through the process of making the recommendation to your Charge Conference for clergy compensation for 2025. To assist you with this responsibility, we would like to share with you relevant information that was approved at the 2024 Annual Conference Session in June.

Rev. Sunny B. Limm
Fairway District

Rev. David J. Blackman
Gateway District

Rev. Tara Culp Lain
Harbor District

Rev. Dr. David L. Joyner, Jr.
Heritage District

Pastors have shown great dexterity in adapting in the midst of transition! While appreciation cannot be measured monetarily, compensation is one way in which we express our gratitude, especially in these inflationary times. Thank you for considering a fair and reasonable compensation for the 2025 calendar year.

Rev. Jon E. Strother
Sound District

The Commission on Equitable Compensation encourages local churches to do all they can to care for all who attend seminary and pastor, those who are candidates of the NC Conference as well as candidates of other conferences.

Vouchered Utilities

It is expected that each local charge would provide for utility expenses for parsonages. Utilities have been defined, in guidance from the Internal Revenue Service, to be electricity, heat, water/sewer, trash pick-up, local telephone, cable and internet access expenses. In order to increase accountability surrounding utility payments for the parsonage and to help ease transitions during appointment changes, the local church shall pay utilities directly to the utilities companies instead of through unvouchered allowances to the pastors. Expenses such as cell phone can be included if there is mutual agreement between the S/PPRC and clergy. The vouchered amount recorded in your church's budget for this allowance should be entered into the vouchered utilities line on the Clergy Compensation Worksheet, in the Conference Online Data Collection system.

For pastors not living in a church owned parsonage, an accountable reimbursement (vouchered) plan for utilities may be established. Payments may be made either to the pastor or to the utility company upon submission of the appropriate documentation or receipts.

Vouchered Travel Expense

Although travel is reimbursed by the local charge as an item of pastoral expense, it is expected that each local charge would provide at least \$5,000 for vouchered travel expense.

Pastors are required to submit a travel log including the purpose of church related trips and mileage for reimbursement. Only the amount of mileage submitted may be reimbursed based on the current IRS approved mileage rate of \$.67 per mile. The IRS issues the current rate in January of each year. (Do not reimburse mileage without documentation.)

Housing Allowance

Churches/charges providing a housing allowance in lieu of a parsonage should follow the Conference requirement, paying no less than 20% and not more than 40% of the Conference Average Compensation (CAC), which for 2025 is \$84,964. The range for 2025 housing allowances is \$16,993 - \$33,986.

Health and Life Insurance

- Clergy serving at least a half time appointment and working at least 30 hours per week are eligible for health insurance.
- Clergy serving at least a half time appointment combined with making at least half of minimum salary (\$25,631.50 in 2025) and working at least 30 hours per week are eligible for life insurance.

The NC Conference group health insurance plan is through HealthFlex exchange offered by Wespath. The local church and each insured clergy pay portions of the insurance. Enrollment is mandatory, for those who are eligible, with the option to waive contingent upon compliance with documentation as set forth by Wespath. The church portion, effective Jan. 1, 2025, will be \$1,508 per month. The annual rate is \$18,096.

For those eligible for Conference life insurance, the monthly rate for 2025 is \$16.50 for single coverage and \$20.75 for family coverage. Life Insurance coverage includes \$25,000 coverage on subscribers and \$10,000 coverage on each eligible dependent. Basic life insurance is paid by the church.

Email the Benefits Team at benefitsteam@nccumc.org for other questions regarding insurance benefits.

Vacation Recommendation

The North Carolina Conference honors God’s guidance for Sabbath rest for all people. For pastors, vacation and time off is defined as annual leave and weekly time off “which is completely distinct from any other occasions in which the pastor is out of the parish”. Clergy members of the Annual Conference under full or part-time appointment to local congregations shall receive one full month of vacation per calendar year. Vacation time shall include 4 Sundays per year and shall be negotiated between the pastor and the S/PPR Committee and may be taken in either segments adding up to one full month or as a whole.

Personal Time-Off Recommendation

Clergy members of the Annual Conference, under full-time appointment, shall receive at least one personal day off per week. Changes to a set personal day off shall be allowed due to unforeseen circumstances that may arise. This time shall be carefully respected and guarded by the district superintendent and the congregation.

Pension

On August 1, 2024, the Clergy Compensation Worksheet will be on the Conference Online Data Collection System (OLDCS) website [nccumc.org > Treasurer’s Office > Resources Menu > OLDCS] for the computation of the pension-related benefits you will pay for your pastor.

- Effective January 1, 2025, some pastors’ personal contributions to the United Methodist Personal Investment Plan (UMPIP) will be increased automatically by 1% over the 2024 personal contribution, according to the auto-escalation feature of this plan.

- All participants retain complete control over their personal contributions at all times. It is each pastor's responsibility to review their UMPIP Detail Record dated January 1, 2025, to verify it matches their intended choices regarding the amount, tax basis and application of auto-escalation. To make an election different from the information seen, the pastor simply edits the UMPIP Detail Record dated January 1, 2025, on the Online Data Collection System with their preferred amount, tax basis and application of auto-escalation which they want to take effect on that date.

- The data entered on the form when the system is locked on December 2, 2024, will be used to update the participant's pension records and the church's January 2025 pension bill. Church treasurers should verify that all their pastor's personal contributions listed on the Clergy Compensation Worksheet are accurately deducted from the pastor's paycheck starting in January each year.

Contact the Conference Benefits Office at 1-800-849-4433 or benefitsteam@nccumc.org with any questions.

We will be praying for your committee during this time of reflection and planning for a new year. May the presence of the Holy Spirit guide and bless your efforts as you serve Christ and those who lead as clergy in Christ’s church.

With gratitude for your partnership in ministry,

**The Cabinet of the
North Carolina Conference of The United Methodist Church**
